Over the years we’ve been printing catalogs to help customers like you purchase quality products. Every item in this catalog reflects our commitment to quality, durability, efficiency and value.

Our new Harvesting Equipment Catalog is specifically designed to help you configure and price items and to avoid much of the confusion related to choosing features available on specific implement models. If you have any questions on availability or compatibility to your application, call us at

DEMCO 1-800-543-3626

We’ll be glad to answer any questions. We’re committed to your full satisfaction. It’s just part of “Doing our best to provide you the best”.

© 2020 Dethmers Mfg Co.

In 2019, Demco introduced the “22” Series Grain Carts. These large capacity grain carts are unmatched in the industry with convenient features, first-rate quality, and excellent efficiency for your harvest operation. The “22” Series Grain Carts are available in 1100+ and 1300+ bushel capacities.

New for 2020, Demco is introducing 2 larger capacity grain carts for the “22” Series. With the same features and functions available, Demco will now be offering a 1700+ and 2200+ bushel capacity grain carts.

Demco is determined to offer Grain Carts for all sizes of farming operations. We understand that all farmers are looking for “Reliable – Easy to Operate – Efficient – Safe” equipment. As our slogan has stated for many years, Demco is “Doing Our Best to Provide You the Best”!

**Unmatched Forward Reach**
Grain cart operator has full visibility while unloading without having to turn around

**PTO Driven Drivetrain**
Caster box includes 20” horizontal drag and 22” diameter vertical

**Extra Spout Clearance**
Beneficial in hilly terrain

Available in 2020
GRAIN WAGONS STRONGER & SAFER SERIES

650 SS
750 SS

Demco wagons lead the industry in unloading performance!

BUSHEL CAPACITY
500 SS - 500 bushels
650 SS - 650 bushels
750 SS - 750 bushels

bushel capacity measured with #2 corn at 15% moisture content (56 lb. test weight)

NOTE: All capacities are based on level full

STANDARD FEATURES
• Easiest opening door in the industry
• Adjustable door opener for easy access from either side of chute
• Ergonomic tongue latch
• Reflective decals
• LED lights
• 22” hand wheel
• Large viewing windows: 12” x 24”
• More chute clearance
• Fenders - 650/750
• Cast spindle carriers
• 3-1/2” bolt in spindles
• 10 bolt hubs
• Narrow box width for better visibility
• New interior bracing for less grain splatter

OPTIONS
• Fenders - 500
• Roll tarp
• Rear ladder kit
• Electric door opener

COLORS AVAILABLE:

NOTE: Used truck tires furnished by Demco will vary in quality and outward appearance. Demco will guarantee used tires to hold air for 30 days from date wagon is delivered to dealer lot and assumes no warranty or liability on used tires once removed from dealer premises.

NOTE: Units are factory setup.

NOTE: All capacities are based on level full

GRAIN CARTS

650 - 650 bushels
750 - 750 bushels

bushel capacity measured with #2 corn at 15% moisture content (56 lb. test weight)

**NOTE: All capacities are based on level full**

STANDARD FEATURES

- 1000 RPM PTO
- 30’ hydraulic controlled flow gate
- Forward reach auger positioned for optimum operator visibility
- Auger folds within the width of the box for compact transporting and storage
- 2 grain viewing windows
- Welded box construction with silicone sealed seams resists rust and corrosion
- 7000 lb. drop-leg tongue jack with separate storage positions provides tighter turning radius
- Hand wheel operated clean-out door at bottom of auger for easy post season clean-out
- LED tail, flasher/turn signal lights and auger spotlight for nighttime operation
- Transport width: 12’9”
- 14” diameter balanced auger with 5/16” flighting
- Posi-Drive auger connection
- UltraFlyte made with 1008/1010 high carbon steel including a thicker outer edge, resulting in up to 50% longer wear and faster conveying
- Automatic reset “cut-out” clutch with overrunning clutch to protect auger drive and tractor PTO

OPTIONS

- Hydraulic Drive Kit (15-25 GPM oil flow required)
- Roll top tarp
- Ergonomic pendant control
- Adjustable auger spout
- Scale Kits

HYDRAULICS NOTES:
- A standard grain cart requires two hydraulic remotes.

Jacks:

- 1000 RPM PTO: 1 3/8” spline with automatic clutch
- 1000 RPM PTO: 1 3/4” spline with automatic clutch
- Hydraulic drive (15-25 GPM oil flow required. Reduces auger speed)
- 7000 lb. drop-leg tongue jack

Field Installed Accessories:

- Roll Up Tarp (end caps reduce load capacity)
- Scale (less console)
- Standard Hydraulic Drive (15-25 GPM oil flow required. Reduces auger speed)
- Pendant Grip Control

Factory Installed Accessories:

- Roll Up Tarp* (end caps reduce load capacity)
- Scale (less console)
- Standard Hydraulic Drive (15-25 GPM oil flow required. Reduces auger speed)
- Pendant Grip Control

Note: Units ordered less wheels is NOT recommended and voids any and all warranty consideration on hubs, spindles, bearings, axle and related components

* Roll tarp: some dealer assembly required. Tarp & bows are removed due to shipping restrictions
GRAIN CARTS

BUSHEL CAPACITY
850 - 850 bushels
1050 - 1000+ bushels

NOTE: All capacities are based on level full

STANDARD FEATURES

- 1000 RPM PTO
- Automatic reset “cut-out” clutch with overrunning clutch to protect auger drive and tractor PTO
- 18” diameter balanced auger with 3/8” flighting
- Posi-Drive auger connection
- UltraFlyte made with 1008/1010 high carbon steel including a thicker outer edge, resulting in up to 50% longer wear and faster conveying
- 30” hydraulic controlled flow gate
- Forward reach auger positioned for optimum operator visibility
- Auger folds within the width of the box for compact transporting and storage
- Adjustable auger spout
- 1 grain viewing window
- Welded box construction with silicone sealed seams resist rust and corrosion
- 7000 lb. drop-leg jack with separate 22,500 lb. Ductile Iron Hubs
- Hand wheel operated clean-out door at bottom of auger for easy post season clean-out
- LED Tail, flasher / turn signal lights and auger spotlight for nighttime operation
- 22,500 lb. Ductile Iron Hubs
- Transport width with single wheels set on 12’ centers: 32” 9”

OPTIONS

- Chrome flighting for improved wear resistance
- Roll top tarp
- Ergonomic pendant control
- Scale kits
- Hydraulic Drive Kit - standard or high speed

HYDRAULICS NOTES:
- A standard grain cart requires three hydraulic remotes.
- Optional Pendant Control manages slide gate, folding auger and adjustable spout. Requires one hydraulic remote.
- 35-40 GPM oil flow is required for hydraulic unloading drive and requires 2 remote outlets.
- 70 GPM max oil flow is required for high speed high torque hydraulic unloading drive and requires 3 remote outlets.

GRAIN CARTS

BUSHEL CAPACITY
1122 - 1100+ bushels
1322 - 1300+ bushels
Bushel capacity measured with #2 corn at 15% moisture content (56 lb. test weight)

NOTE: All capacities are based on level full

STANDARD FEATURES
• 1 ¾ - 1000 RPM PTO
• Automatic reset “cut-out” clutch with overrunning clutch to protect auger driver and tractor PTO
• PTO driven drivetrain. Gearbox includes 2 output PTO shafts (1 for horizontal auger and 1 for vertical auger). NO Pulleys or Belts!
• Adjustable austempered cast hitch, fits category 4 or 5 hammer strap tractor drawbar
• 22” diameter vertical auger with 3/8” flighting and Posi-Drive connection
• 20” horizontal drag auger
• UltraFlyte made with 1008/1010 high carbon steel including a thicker outer edge, resulting in up to 50% longer wear and faster conveying
• Forward reach auger for optimum operator visibility
• Forward reach auger adjusts vertically from 11’8” to 15’7” to help prevent grain spilling
• Auger folds within the width of the box for compact transporting and storage
• Grain viewing windows
• 10,000 lb. drop-leg tongue jack with separate storage position provides tighter turning radius
• Hand wheel operated clean-out door at bottom of auger for easy post season clean-out
• Reflective decals & LED lights for high visibility
• Narrow transport width – 12’2”
• Low side cart height ONLY 11’ for better clearance
• Low center of gravity for side hill stability
• 6 lever operated doors for through clean-out
• Ergonomic pendant operates “1 touch” auger fold, adjustable spout, unload auger height adjust, and auger door
• Ergonomic pendant requires 1 remote outlet
• Roll tarp
• 5-point scale system (monitor not included)

OPTIONS
• Electric roll tarp
• Auto gate shutoff for drag auger doors (requires the wireless scale monitor)

COLORS AVAILABLE:
- Red
- Green
- Gray

Demco’s own forward reach and NEW height adjust unloading auger!

“Reflective Decals”
“Roll Tarp”
“Low Profile”
“5 Point Scale System”
“PTO Driven Drivetrain”

BACK LIT PENDANT GRIP
Optional ergonomic pendant operates grain flow gate, auger fold, and adjustable spout

EASY TO FUNCTION IN THE DARK
Save time and increase productivity while harvesting with the **Demco XL Extension/Tip-up**

**STANDARD FEATURES**
- Convenient fold down for storage or transport
- Durable and sturdy design
- Total capacity 560 bu
- Height above cab approx. 33”
- Overall height approx. 15’-6”

**Largest Extension/Tip-up on the market!**

**HOW TO ORDER:**
1. Choose Correct Part Number
2. Determine Extension Size
3. Review Accessories

Demco Grain Tank Tip-ups are vertical panels that add to either the Demco Grain Tank Extension or to the factory OEM extension for added bushel capacity.

Demco Grain Tank Extension replaces the factory extension for added bushel capacity and lower clearance of the combine.

Demco Tip-Ups for power fold combines allow you to gain more capacity while using the OEM power fold extension.

HOW TO ORDER:
1. Choose Correct Model Number
2. Determine Extension Size
3. Review Accessories

NOTE: All capacities are based on level full

SPOUT RE-DIRECT KIT

- Spout mounts on to factory spout and directs the grain downward
- Ideal for small grains, swathing, short header, windy conditions and low grain truck or wagon applications as well

BIN FILL AUGER

- Available to fit most makes and models of combines
- Reduces auger flighting wear, relieves belts, pulleys, clutches, chains and gear boxes
- Set screws allow for infinite adjustment to maximize grain holding capacity
- Quick release pivot to lower to transport position in seconds
- Mounting brackets attach easily to your grain tank

HOW TO ORDER:
1. Choose Correct Model Number
2. Determine Extension Size
3. Review Accessories

CASE and New Holland

- 9A000058 | $305.00

SPECIAL INFORMATION

PRICES & SPECIFICATIONS
All prices and specifications are subject to change without notice. All shipments are billed at price prevailing at time of shipments. ALL PRICES F.O.B. BOYDEN OR SPENCER, IOWA OR AS DESIGNATED IN THIS CATALOG.

TERMS
Customers desiring credit must have good rating or furnish satisfactory reference before shipment will be made, otherwise all orders will be shipped C.O.D. No cash discounts allowed with C.O.D. shipments.

ORDERING
Prospective customers requesting open account status will be required to complete a Demco credit application. If open terms cannot be approved, other means of payment will be considered. Please furnish a completed Demco credit application with your first order.

SHIEMENTS
Our merchandise is carefully packed and thoroughly inspected before leaving our factory. Responsibility for its safe delivery is assumed by the carrier upon acceptance of the shipment. Claims for loss or damage sustained in transit must therefore be made upon the delivering carrier as follows:

CONCEALED LOSS OR DAMAGE - Concealed loss or damage means loss or damage which does not become apparent until the merchandise has been unpacked. The contents may be damaged in transit due to rough handling even though the carton may not show external damage. When the damage is discovered upon unpacking, make a written request for inspection by the carrier’s agent within 15 days of the delivery date. Then file a claim with the carrier, since such damage is the carrier’s responsibility.

VISIBLE LOSS OR DAMAGE - Any external evidence of loss or damage must be noted on the freight bill or express receipt, and signed by the carrier’s agent. Failure to adequately describe such external evidence of loss or damage may result in the carrier refusing to honor a damage claim. The form required to file a claim will be supplied by the carrier.

SHIPPING ERRORS
Shipping errors resulting in shortages or goods ordered incorrectly by the customer, must be reported to Demco Mfg. within 10 days after receipt of merchandise.

PICK UP ORDERS
All orders picked up and signed for by the customer or customer’s agent at the Boyden or Spencer, Iowa plants are considered complete as signed. Customer will receive a copy of signed order at time of loading.

PARCEL POST, U.P.S., FEDERAL EXPRESS & FREIGHT
Due to the special packing and handling on Parcel Post and United Parcel shipments, a combined shipping and handling fee will be charged on each carton. Weight limitations are as follows:
- Parcel Post = 70 lbs.
- UPS = 150 lbs.
- Federal Express = 150 lbs. - per carton.
A pallet charge is added on all freight orders.

RETURNS
NO GOODS ARE TO BE RETURNED WITHOUT A RETURNED GOODS AUTHORIZATION NUMBER AND INVOICE NUMBER. When your order has been filled correctly, the concerned party returning goods must in all cases pay freight, the cost of handling and a 25% restocking charge. All goods to be returned are to be in first class condition. Additional charges will be made for goods returned in other than first class condition.
OUR PRODUCTION FACILITIES are located in Boyden, Iowa, and Spencer, Iowa, and cover 450,000 square feet. We have invested extensively in keeping our employees safe, while continuously updating high tech automated equipment to improve our quality of products and increase productivity. These investments help us to build new and more advanced products at a competitive price.

Our Boyden location houses the Corporate Office. Our Inside Sales staff resides there, along with the majority of other office personnel. In our manufacturing plant we fabricate Grain Carts, Grain Wagons, Sprayers and Booms for the Agricultural Market. 5th Wheel Hitches, Supplemental Braking Systems, Tow Dollies and Tow Bars for the RV Market. Along with Trailer Components for various applications.

Our Spencer location manufactures Trailers and Agriculture products. Our facility is located in the Spencer Industrial Park on 35 acres of land with 154,000 square feet of manufacturing space.

Our trailer products include Steel and Aluminum Grain Trailers, Gondola Trailers for the recycling market, Drop Deck Trailers and Side Dump Trailers. Ag products include Grain Tank Extensions for all makes and models of combines, Head Transporters for hauling corn and bean heads, and other numerous products for the agriculture industry.
