HARVEST VISION

1) 4-way Directional Spout

2) 2 Cameras with 7" Monitor

Now you can view the performance of your grain cart during harvest right from the seat of your combine.

Camera Locations: on the auger and on back of grain cart

3) 5 Point Scale System with Side Display

4) Additional Lighting

- **Side Marker Lights** - each side will have a row of lights for safety and searchability
- **Work Lights** - powerful LED lights so you can see and be seen around the grain cart

5) Bull-Pull Hitch

The Bull-Pull increases drawbar life while eliminating backlash, for precise control. Bull-Pull hitches are built for heavy loads and are easy to install, making them an excellent improvement to a standard pintle hitch.

STANDARD FEATURES

- 1¾" – 1000 RPM PTO
- Auto-reset cut-out clutch with overrunning protection
- Direct PTO drive — no belts or pulleys; gearbox with dual PTO outputs
- Adjustable cast hitch for Cat 4 or 5 hammerstrap drawbars
- 10,000 lb drop-leg jack with stow-away position for tighter turns
- Hand-wheel clean-out door for easy post-season maintenance
- High-visibility reflective decals & LED lighting
- Narrow 14′ transport width
- Low side height for better clearance: 11′1″ (1700), 11′8″ (2200)
- Low center of gravity for hillside stability
- Six lever-operated clean-out doors
- Backlit ergonomic pendant (uses 1 remote)
- Roll tarp included
- 5-point scale system (monitor not included)

DUAL AUGERS

- 22″ diameter vertical auger with 3/8″ flighting and Posi-Drive connection
- 20″ horizontal drag auger
- UltraFlyte – 1008/1010 high-carbon steel with thicker edge for up to 50% longer wear and faster flow
- Forward-reach auger for optimal visibility; vertical adjust 12′–16′ to reduce spillage
- Auger folds within box width for compact transport & storage
- 2-stage folding auger cylinder

OPTIONS

- Electric roll tarp
- Auto gate shutoff for drag auger doors (requires the Libra Cart Wireless Scale)
- Hydraulic Jack

TARPS

ELECTRIC TARP KIT

- *4-Spiral Torsion Springs*
- *Heavy-Duty Aluminum Bracket and Arm*
- *Cab Wiring Kit for Standard Electric Hardware*
- *90° Worm Gear Durabuilt™ Motor*
- *Heavy-Duty Front Cable Return*

TARP

Shur-Lok Tarp System is standard on Dual Auger Grain Carts

OPTIONS AND ACCESSORIES

BACKLIT PENDANT GRIP CONTROL
Ergonomic pendant operates grain flow gate, auger fold, and adjustable spout and height adjust.

LIBRA CART INDICATOR
A tablet and smartphone-based grain cart weighing and data management system.

SCALE TEC
Five weigh bars in the axle allows for accurate weighing and record-keeping

WEIGH-TRONIX
640 Weigh-Tronix Indicator

SIDE DISPLAY

SIDE MARKER LIGHTS - *each side will have a row of lights for safety and searchability*

WORK LIGHTS - *powerful LED lights so you can see and be seen around the grain cart*

FIRE SAFETY SYSTEMS

2200DA, 1500DA, 1300DA, 1100DA

1700DA

- *300-gallon tank and 200-gallon tank (1700DA)*
- *Hypro centrifugal pump with a hydraulic motor*
- *Hose reel–100 feet of 0.75" hose*
- *High-output spray nozzle*

NOTE: Demco grain carts are not to be towed down the road loaded

GRAIN CART MODELS

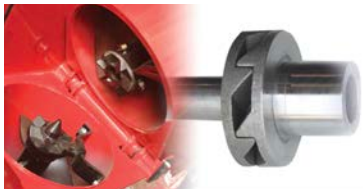

PAINT COLORS

No Additional Charge + 795^{00}/NET

SUPERIOR CLEAN-OUT

The slope of gravity flow cart allows for fast clean-out

POSI-DRIVE COUPLER

Eliminates noise and shock when engaging

AXLE - Wheels OR TRACKS

10 Bolt Wheels

20 Bolt Wheels

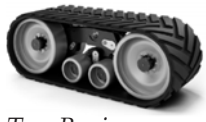

TRACKS FOR 850-1500 SINGLE AUGER CARTS

CAMSO TRAILED TRACK SYSTEM

The Camso Trailed Track System increases the performance of high-capacity harvesting equipment. Its large footprint distributes the weight of heavier, high-capacity grain carts and reduces ground pressure between 30% to 80% compared to tires.

Four Bogie

Two Bogie

SOUCY TRACK SYSTEM

The Soucy OE grain cart track system is a 4 bogie track system with load capacity up to 110,000 lbs with a large footprint for maximum flotation. Designed for fitment of grain carts using a machine-specific axle for maximum durability under heavy loads.

STANDARD FEATURES

- 1 3/4″ or 1 3/8″ – 1000 RPM PTO
- Auto-reset cut-out clutch with overrunning clutch protects PTO and auger drive
- Adjustable austempered cast hitch fits Cat 4 or 5 hammer-strap drawbar
- Reflective decals + LED tail, flash/turn, and auger lights for high-visibility operation
- Tube-and-truss design with adjustable axle
- Welded, silicone-sealed box resists rust and corrosion
- Heavy-duty spindles and hubs

AUGER

- 20″ (18″ 850) diameter balanced auger with 3/8″ flighting and Posi-Drive connection
- UltraFlyte made with 1008/1010 high carbon steel including a thicker outer edge, resulting in up to 50% longer wear and faster conveying
- Forward reach auger for optimum operator visibility
- 2 stage unload auger folding cylinder

OPTIONS

- Roll top tarp
- Ergonomic pendant control
- Scale kits
- Hydraulic Drive Kit - High Speed/Torque
- Camso Track System
- Soucy Hub Mount Track System

KEY FEATURES ON ALL HEAD TRANSPORTS

Torsion Suspension Axles Standard
Makes for a smooth ride when towing. Absorbs shock on rough roads to make the Head Transport last longer.

Painted with Rubberized Undercoating
Keeps your Head Transport looking better longer by resisting rock chips better than traditional paint.

Standard Telescoping Tongue on all Head Transports
Makes the Head Transport easier to hook up

Features Demco's EZ Latch Coupler
2 5/16" ball coupler, safety chains and our EZ latch Coupler so you know it is hooked up right!

FEATURING DEMCO'S EXCLUSIVE EZ LATCH COUPLER
*Standard on Heavy Duty Head Transports

KEY FEATURES ON STANDARD AND HEAVY DUTY HEAD TRANSPORTS

Frame
Demco Head Transports have a one piece welded design with the top and bottom rails welded together with cross members welded to a beam that pulls from hitch to rear axle. This has more strength than a bolt together design and since the main beam is pulling the rear axles, all the bed needs to do is carry the head. Other brands pull the rear axle with the bed.

Tricycle Front Design
Allows for short turns and superior high speed towing capability.

Easy to Use
The top rail is stationary. One person can easily adjust brackets on lower beam to fit different brand/model heads.

Bracket Design
Each bracket will allow for 16 (32) positions. We offer 3 brackets making 48 (96) positions that can be used on most heads that are manufactured today. No need to stock a 2nd brand transport. Simply pull the pins and re-adjust!

Brakes
Electric brakes are available on rear single axle, rear tandem axle (one or both rear axles), and on the front tricycle axle.

ADJUSTABLE MOUNTING BRACKETS

BIN FILL AUGER

- Available to fit most makes and models of combines
- Reduces auger flighting wear, relieves belts, pulleys, clutches, chains and gear boxes
- Set screws allow for infinite adjustment to maximize grain holding capacity
- Quick release pivot to lower to transport position in seconds
- Mounting brackets attach easily to your grain tank

Bin Fill Auger (does **NOT** include hoses!)	**9A000013**	$2,060.00
Please note combine size for proper length of support pipe	**5A000013**	N/C
BFA Auger Extender 2010 (adds 16" in height of auger)	**9A000051**	$186.00
Flow Control Valve (w/ built in relief valve)	**1AKFADD0000**	$326.00
Check Valve (required on CIH combine w/ hydraulic reverser)	**1AKGANGANG0**	$120.00
Flat Face Hydraulic Fitting Kit	**97961000**	$62.00

SPOUT RE-DIRECT KIT

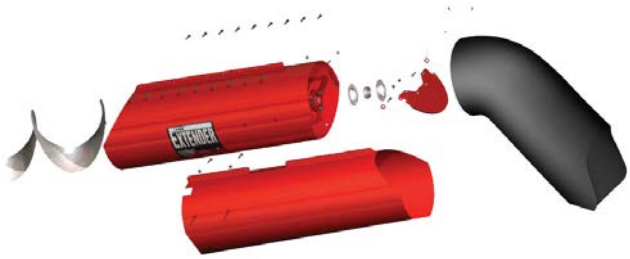

- Spout mounts on to factory spout and directs the grain downward
- Ideal for small grains, swathing, short header, windy conditions and low grain truck or wagon applications as well
- Includes hardware

SPECIAL INFORMATION

PRICES & SPECIFICATIONS
All prices and specifications are subject to change without notice. All shipments are billed at price prevailing at time of shipments. ALL PRICES F.O.B. BOYDEN OR SPENCER, IOWA OR AS DESIGNATED IN THIS CATALOG.

TERMS
Customers desiring credit must have good rating or furnish satisfactory reference before shipment will be made, otherwise all orders will be shipped C.O.D. No cash discounts allowed with C.O.D. shipments.

ORDERING
Prospective customers requesting open account status will be required to complete a Demco credit application. If open terms cannot be approved, other means of payment will be considered. Please furnish a completed Demco credit application with your first order.

SHIPMENTS
Our merchandise is carefully packed and thoroughly inspected before leaving our factory. Responsibility for its safe delivery is assumed by the carrier upon acceptance of the shipment. Claims for loss or damage sustained in transit must therefore be made upon the delivering carrier as follows:

CONCEALED LOSS OR DAMAGE - Concealed loss or damage means loss or damage which does not become apparent until the merchandise has been unpacked. The contents may be damaged in transit due to rough handling even though the carton may not show external damage. When the damage is discovered upon unpacking, make a written request for inspection by the carrier's agent within 15 days of the delivery date. Then file a claim with the carrier, since such damage is the carrier's responsibility.

VISIBLE LOSS OR DAMAGE - Any external evidence of loss or damage must be noted on the freight bill or express receipt, and signed by the carrier's agent. Failure to adequately describe such external evidence of loss or damage may result in the carrier refusing to honor a damage claim. The form required to file a claim will be supplied by the carrier.

SHIPPING ERRORS
Shipping errors resulting in shortages or goods ordered incorrectly by the customer, must be reported to Demco Mfg. within 10 days after receipt of merchandise.

PICK UP ORDERS
All orders picked up and signed for by the customer or customer's agent at the Boyden or Spencer, Iowa plants are considered complete as signed. Customer will receive a copy of signed order at time of loading.

PARCEL POST, U.P.S., FEDERAL EXPRESS & FREIGHT
Due to the special packing and handling on Parcel Post and United Parcel shipments, a combined shipping and handling fee will be charged on each carton. Weight limitations are as follows:
Parcel Post = 70 lbs.
UPS = 150 lbs.
Federal Express = 150 lbs. - per carton.
A pallet charge is added on all freight orders.

RETURNS
NO GOODS ARE TO BE RETURNED WITHOUT A RETURNED GOODS AUTHORIZATION NUMBER AND INVOICE NUMBER. When your order has been filled correctly, the concerned party returning goods must in all cases pay freight, the cost of handling and a 25% restocking charge. All goods to be returned are to be in first class condition. Additional charges will be made for goods returned in other than first class condition.
