Our Story

Back in 1950, Robert Dethmers started Dethmers Manufacturing Company in a corner of an implement dealership. One of his first products was fertilizer application equipment for the agricultural industry.

Since the beginning, Demco has pursued a dream to fill needs, provide solutions, and compete in an existing marketplace. Demco has product lines in agriculture, towing, 5th wheel hitches, trailer components, Rental Industry, and semi trailers. Demco has earned its place with the right combination of skill and technology needed to produce the best products available without compromise.

Today, as Demco continues to grow, our tradition of building quality products, employing talented, industrious people and providing attentive service remains. Our sales staff, along with our dealers and distributors across the United States, Canada and the world, carry on the standard.

We enjoy long-term relationships with our clients and look forward to this continuum with our new clients.

US Patent 7,699,406

Integrated System

Zero Setup time to tow

Fully transferable to new vehicle

100% Proportional braking

WHY AIR FORCE ONE

- Engineered for diesel RVs with air brakes
- Demco-exclusive integrated breakaway system
- Meets chassis warranty & Federal D.O.T. / FMVSS requirements
- Patented actuator helps your RV and towed vehicle brake as one

DUO with Wireless Coachlink 9599018
 Stay in Play Duo Braking System 9599006
 DUO Reinstall Kit 6270

US Patent 6,644,761

Integrated System

Zero Setup time to tow

Fully transferable to new vehicle

WHY STAY-IN-PLAY DUO

- Engineered for gas RVs with hydraulic brakes
- Demco-exclusive integrated breakaway system
- Unique dual-signal activation
- G-Force controller lets you adjust braking power
- Patented actuator helps your RV and towed vehicle brake as one

Unfolded Kar Kaddy™ SS length is 133"

Many RV park lots are not deep enough to accommodate your motorhome and tow dolly.

Folded Kar Kaddy™ SS length is 67"

By using only half the space, you can fit both the motorhome and tow dolly comfortably in almost any RV lot. Or you can store your tow dolly in front of your car in your garage at home.

TOWED CONNECTORS FOR DINGHY TOWING

No Slicing. No Mistakes.

The Industry's Best Direct Plug-in Electrical Hook-Up for Your Towed Vehicle

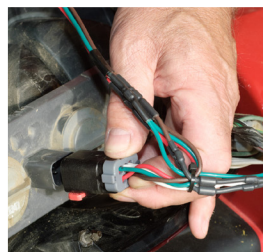

1. Remove the rear taillights and locate the factory wiring harness at the back of each taillight housing and unplug it

2. Shown is the T-type connectors in the Demco Towed Connector Harness

3. Connect the vehicle factory wiring harness to one end of the Demco Towed Connector T

4. Plug the other side of the Demco Towed Connector T into the back of the taillight housing

5. Re-install the vehicle taillight and route the rest of the harness up to the front of the vehicle

WHAT'S INCLUDED

Zip Ties

Rear Taillight connecting T's

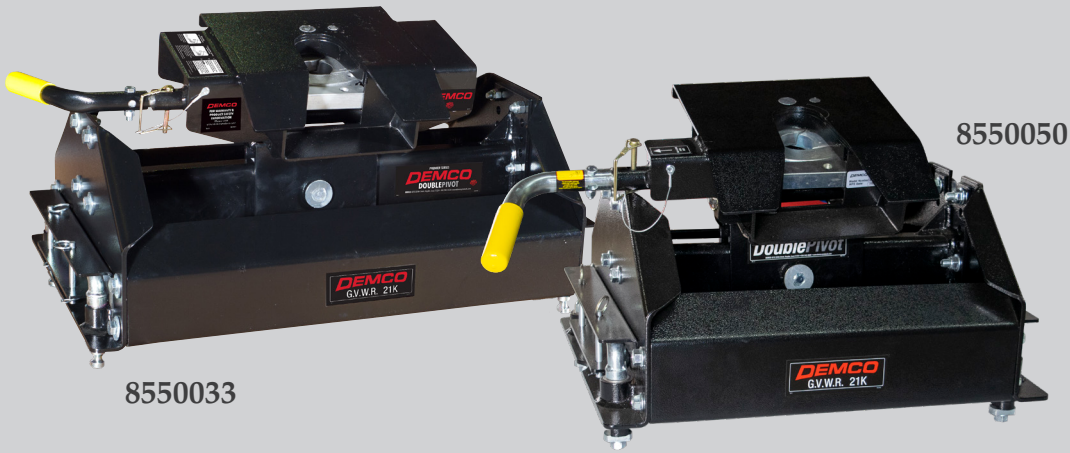

Wire provided to run from the back of the vehicle to the front of the towed vehicle

Jumper Wire from the coach to the towed vehicle

TOWED CONNECTOR
FIT LIST

21K, 31K HITCHES AND OE ADAPTERS

21K UMS SERIES (UNDER BED MOUNT, FORD PREP & GMC PREP)

- 21K towing capacity
- Long box application
- Four vertical height adjustments 16" to 19"

8550032 – UMS Series

- Frame mounting brackets must be ordered separately

8550033 – Ford 2011-Present Prep Package

8550050 – Chevy/GMC 2020-Present Prep Package

31K UMS SERIES (UNDER BED MOUNT FOR CHEVROLET/GMC PREP, FORD PREP, AND RAM PREP)

- 31K towing capacity
- Long box application
- Four vertical height adjustments 16" to 19"
- Wrap Around Jaw with locking bar for a smoother, safer and more secure ride

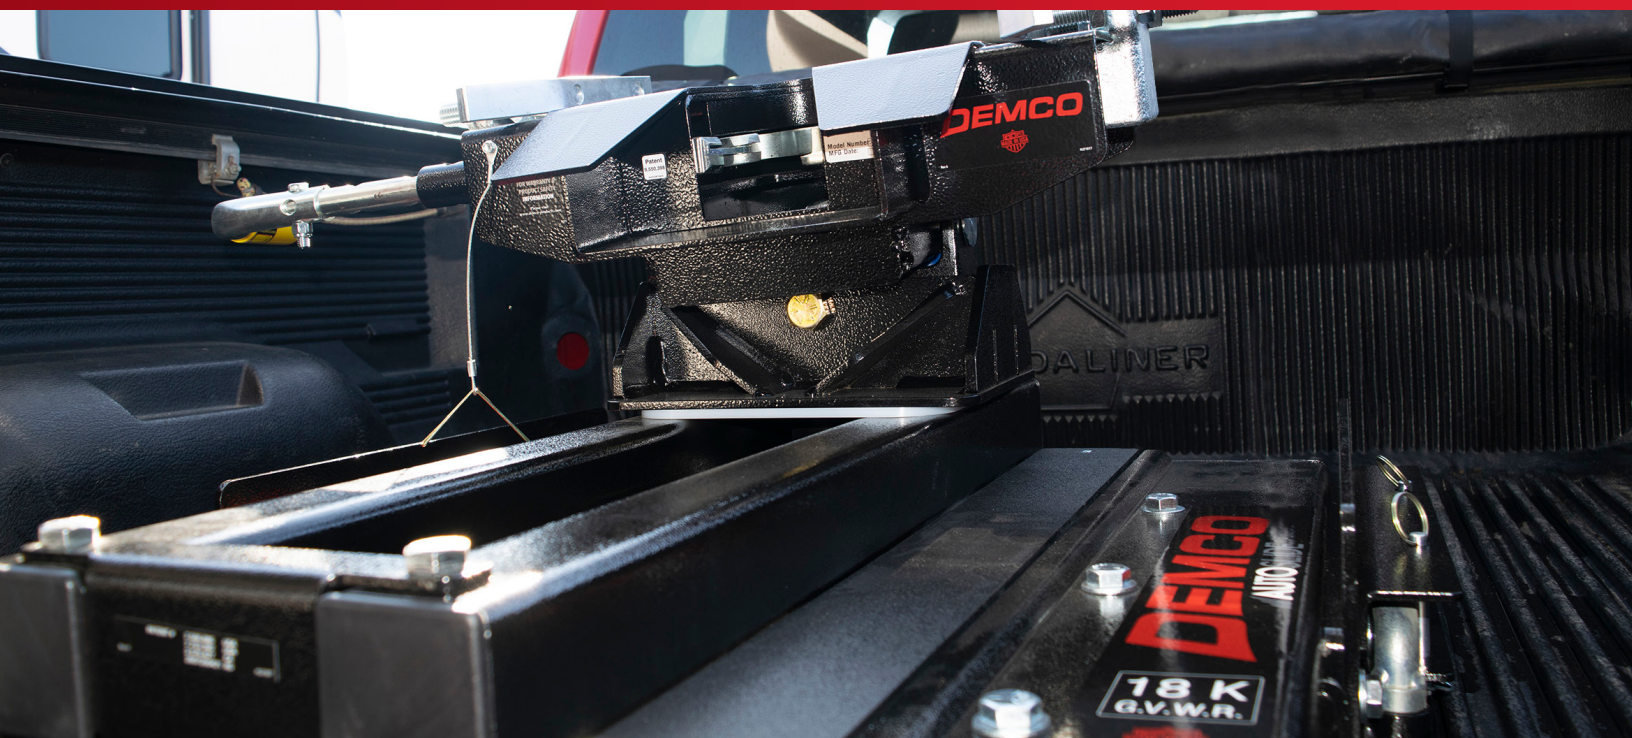

8550054 – Ford 2011-Present Factory Prep Install

8550055 – Chevy/GMC 2016-2019 Factory Prep Install

8550056 – Chevy/GMC 2020-Present Factory Prep Install

8550057 – Ram 2013-Present Factory Prep Install

AUTOSLIDE 13K, 18K, AND 21K 5TH WHEEL HITCHES

13K Above Bed Mount
Industry Standard Bed Rails Included

8550047

13K Above Bed Mount
Bed Rails NOT Included

8550048

13K Under Bed Mount (UMS)

8550049

- **No locking plate required** for standard pin boxes to activate slide mechanism
- **Wrap around jaw** with locking bar for a smoother, safer and more secure ride
- **22 1/2 INCHES** of travel to help get in and out of those tight spots

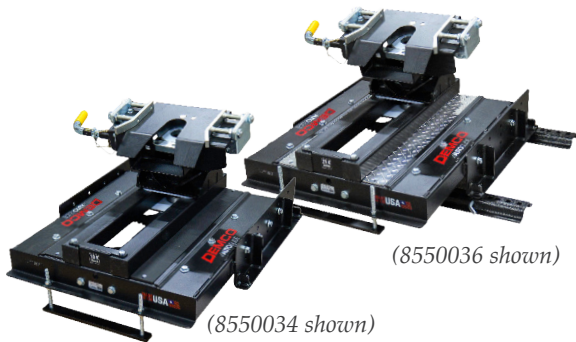

- Up to 2 3/4" side-to-side travel to keep your pinbox from hitting bed rails or Tonneau-cover rails
- Industry standard bed rail mounting
 - * *Frame Mounting Brackets must be ordered separately*
 - * *Certain pin boxes require a locking plate. See Locing Plate list on page 13.*

- Adjustable thread shank design to make locking plates more secure in selected position
- Narrowed king pin entry ensures the king pin is centered in the jaws for easier hook up!
- **Maintenance free guide roller** – Lubrication infused bushing
- Teflon wear plates are now wider with beveled edges for smoother turning and transition.

RECON MANUAL SLIDER

You asked and we listened! Continuing in the tradition of the Recon series, the Recon Slider is a lighter weight version of traditional manual sliders. With up to 14" of travel and the ability to easily remove the hitch from the truck, the Recon Slider sets a new bar within the 5th wheel hitch market. Utilizing copolymer, self-lubricating bushings to make for smooth slide movement you will enjoy years of operational enjoyment! The Recon Slider can be ordered with Industry standard bed rails or without. For trucks with a puck system, pair with one of Demco's industry leading OE puck adapters (see inside back cover). **Made in the USA!**
